

Not just a mosque !!!!

Posted by southsider - 11 Oct 2013 07:28

Here are what the Muslims have requested for the site in Eastwood high school Apart from the prayer hall

(1) community centre - Will be interesting if anyone can use it as it is racial discrimination if anyone is refused entry!!!! that's why govanhill baths was refused because they wanted it solely for there use and it was deemed discrimination

(2) halal butcher shop

(3) refuge centre for immigrants etc

(4) soup kitchen

(5) drop in centre

How can any of these be deemed for local community ????

Same subscriber as wrote to Cllr. Watters with the same email. Slightly different response. Could it be something to do with different pass grade results from the SNP charm school?

Sent from Samsung Galaxy on O2

Dear Nzzzzzzz Zzzz , I note from your email that you have not included other "so called councillors" Gilbert, Grant, Swift , Green, O'Kane, McAlpine and Buchanan , which has at least spared them for the moment of the diatribe you seem to have put forward. I like most if not all of my fellow councillors have far from made our mind up on this issue as the consultation process has not been completed. This may guide us in our decision making and I would encourage you to make your views known through this process. If however you feel unable to use reasonable and civil language to do this I would suggest you seek proffessional help. You seem to have a very strange way of enlisting support for your views. I intend to be guided by the facts and my conscience on issues such as this. So rather than me grow up and man up why dont you shut up. Regards Councillor Tommy Reilly.

Cllr. Watters attachment toi a resident. Quite astonishing!!!

I'm fed up with this.

It's a great new school. What happens when all the house building is complete and if the school needs extended?

That's why the reply from Cllr Waters is funny. Especially using the St Ninian's example. Had to laugh at that. Would there be an issue over denominational places if other public buildings weren't on the same site as St Ninian's?

No, an extension could be built and they wouldn't have to kick kids out of their schools.

So, sorry Cllr, if you want to force house building in the area then you better make sure pupils fit in schools or there is some campus land spare to extend.

Wouldn't this be common sense, keeping the land for the school, given there are plenty of alternative sites for other public buildings?

Any St Ninian's or Robslee parent would be able to give you free advice on this Cllr Waters.

And on your security point, why is OLM having a corridor built into the Robslee building? Must be the weather.

Councillor 's comments re security at saint ninians - maybe they are breaking the law and the school

should be enfenced.

just cause it is done in one place does not make the security argument invalid councillor.

Didn't Cllr Robertson get a fence put up around Netherlee primary?

Cllr Reilly, too many f's I'm affffraid. 😊

Cllr Watters you have just reminded me why administration Cllrs do not like talking to the public, you always put your feet in your mouths. No wonder you always rely on the spin department of ERC.

Personal attacks, bullying - No Cllr - Smoke and Mirrors on your part.
