A meeting of the Cabinet will be held in the

Council Chamber, East Renfrewshire Council Headquarters, Eastwood Park, Giffnock

on Thursday, 21 June 2018 at 10.00am.

Please re-read this topic then Please read Agenda Item No 6.

Report by Director of Environment - ASSESSMENT OF WINTER MAINTENANCE ARRANGEMENTS

Cabinet Agenda/Papers -

[www.eastrenfrewshire.gov.uk/CHttpHandler.ashx?id=22551&p=0](http://www.eastrenfrewshire.gov.uk/CHttpHandler.ashx?id=22551&p=0)

A number of areas for potential improvement have been identified and these will be further explored in the coming months ???

28. Significant informal consultation took place during the recent severe weather as members of the public expressed views upon the winter maintenance service provision, either directly (through social media or direct contact ) or via elected members. The information obtained through these process will be fed into the various reviews referred to in the paper. ???

Did Phil Daws not say these public expressed views would be included for this review ???

The problems caused by the snow/bad weather seem to have been ignored in this review. They have not been addressed.

Hi Phil

I refer to Report by Director of Environment - ASSESSMENT OF WINTER MAINTENANCE  
ARRANGEMENTS on Thursday, 21 June 2018 at 10.00am.

Can you give me an update on para 28 -

What is the current Progress?

What are the various reviews?

What specific information is being fed into these reviews?

A number of areas for potential improvement have been identified and these will be further explored in the coming months

28. Significant informal consultation took place during the recent severe weather as members of the public expressed views upon the winter maintenance service provision, either directly (through social media or direct contact ) or via elected members. The information obtained through these process will be fed into the various reviews referred to in the paper.

Thanks

The piece of work that is being undertaken is quite substantive hence the timescale involved.

Whilst I note your comment in relation to East Renfrewshire Council Tax Payers I would advise you that, as demonstrated within the Report to Cabinet on the 21st of June 2018, Winter Maintenance Service currently provided by East Renfrewshire Council is more comprehensive than that provided to the majority of local authority residents within Scotland.

Kind regards,

Phil

Hi Phil

Thanks for this.

You say 'Numerous pieces of information are being fed into these reviews but we would not expect the outcomes to be received until the end of the year. '

Why would you 'not expect the outcomes to be received until the end of the year' ?

Surely, East Renfrewshire Council Tax Payers are entitled to expect something before this winter starts?

Thanks

Subject : RE: RE: Review - Eastwood Park Campus - Snow/Ice problems

Apologies for the lateness of my response.

There are numerous reviews that are being undertaken including a review of the gritting routes, an assessment of the effectiveness of the salt distribution, a review of the location of the grit bins and the review of the deployment of the workforce.

Numerous pieces of information are being fed into these reviews but we would not expect the outcomes to be received until the end of the year.

Kind regards,

Phil
