Subject: Eastwood Park Campus - Ice & Black Ice - Tuesday 4/12/2018 - Ref: 101001884888

Hi Alan

Attended Gym at Eastwood Park 08:00 - 9:00 Tuesday morning 4/12/2018.

Conditions were treacherous and dangerous with sheet ice & black ice in the main car park and surrounding pavements.

People and schoolchildren were slipping and sliding all over the place.

Can you confirm the reasons why this area was not salted/gritted ?

Please give details of the contract for salting/gritting this area.

Thanks

I'm sorry but we simply cannot grit every road or pavement overnight.

Sent from my Samsung Galaxy smartphone.

You would think that common sense would prevail and an area that attracts a lot of footfall like that should be prioritised.

Hi Allan

See below.

As a senior constituent and trying to keep fit by attending the gym it's ironic that I have to take evasive action to avoid breaking a leg and/or dislocating a hip to get there and any injury to myself is viewed as collateral damage.

As a senior constituent it's great to have your support, compassion, sympathy and concern.

Maybe you can suggest how this situation can be avoided in the future.

Subject : Eastwood Park - Customer Enquiry 188488

I have been forwarded your email of 4th December and enclose my reply below.

It should be noted that the contract for un- adopted roads is only for roads and car park areas, with a path formed from the car park area to the Council owned building entrance. The contract excludes the gritting of general paths/ pavements

I can inform you that Eastwood Park was gritted on 4/12/18 at 04.00hrs as per the contract requirements. Unfortunately the area was subjected to rain after this time, which then froze and formed the ice mentioned.

The contract specifics include for one visit per property between the hours of 01.00 and 07.45 if the road surface temperature reaches 00 C within that period.

Regards

Raymond O'Kane

Property and Technical Services Manager Environment Department - Property and Technical Services'

Thanks

How do you feel about an uplift in your Council Tax to improve service?

Cllr Alan Lafferty

Labour & Co-operative Member Ward 4

Hi Alan

As you are aware, I am already willingly paying a 3% increase now and I think next year also?

'Budget set for 2018/19 - East Renfrewshire Council In setting the budget, councillors also approved an

increase to Council Tax of three per cent in each of the next three years'

Perhaps if you actually implemented the contracts fully, as in the Webcasting contract, there would be no need for an increase.

Thanks
