

## The demise of The Glasgow South and Eastwood Extra

Posted by Newsline - 07 Sep 2019 09:14

---

Remember the days when 'The Extra' as it was known produced articles like this.

It would appear that not only has East Renfrewshire lost its local free paper.

It has lost a 'local' reporter.

The people running the Facebook page are of the opinion that it is sufficient to fill the page with stories that relate to Edinburgh and England.

At least one of these alleged 'journalists' does not believe in free speech.

Newsline has provided those named the opportunity to respond.

Not good when a journalist becomes the story.....

**Response received today**

A few months ago JPImedia took the decision to close the Glasgow South and Eastwood Extra newspaper.

The decision to close the Extra has not been taken lightly, but it is crucial that we focus all our efforts on the long-term stability of the wider business and deliver newspapers and websites which can sustain our business for the long term.

We would like to thank all our readers for their support through the decades, and we hope they will understand why we have made this decision in these challenging times.

The website for the Extra remains live, however there are no full-time journalists attached to the site and any content published to the platform is curated over and above our reporters' core focus on other brands in the JPImedia portfolio.

Kind regards

Martin Clark
