In my view he also attempted to trounce the other two witnesses, both of whom were female. (Perhaps a pattern appearing here?)

- The irony is that one of those comments appear to attack his ability to investigate.
- It is held out as the East Renfrewshire Neighbourhood Watch website. It may be noted that neither Neighbourhood Watch Scotland nor Police Scotland endorse or associate with its activities.
- The individual holds himself out as a journalist.

I am somewhat surprised that a person who alleges that he is an experienced solicitor is unaware of facts.

Not an investigator

Not a journalist

ERNHW not endorsed by the Police or AoSNW

I do not blow my own trumpet, unlike some.

However I do feel that I require to respond to what I believe to be defamation.

I am a retired Detective Sergeant with three decades of Police service to the community.

Whilst working in London as a member of the National Criminal Intelligence Service (NCIS) and one of only two Scottish Officers appointed to that organisation I was presented with a award by the DEA (Drug Enforcement Administration) with regards to my investigative work in support of drug law enforcement.

I was also presented with another and unconnected award by the Director General of the National Criminal Intelligence Service for my investigative work regarding drugs coming from Europe via Southern Ireland into the United Kingdom.

I am indeed the chair of the East Renfrewshire Neighbourhood Watch which I established.

NHW Scotland presented me with six awards for this Association, one of which was for the person of the year (Scotland).

The police commander of East Renfrewshire nominated me as the person of the year to the Eastwood Rotary Club, due to my work with East Renfrewshire neighbourhood watch, which they endorsed and awarded me that trophy.

That trophy was presented by the then Provost Alex Mackie, who is a prominent member of East Renfrewshire Liberal Democrats.

Provost Allan Steele Snr was present beside me when we held our opening ERNHW meeting at Duff Hall, Busby.

I am a member of the Chartered Institute of Journalists and have been for the past 7 years.

This we believe was Allan Steele Jnr's first step into the public domain, however it may have been a catalyst for what was to come 6 years later.
